<b>Headteacher signature</b>	C. Mason
<b>Chair of Governing Body signature</b>	K. Gaskell
<b>Purpose</b>	This Statement has been drawn up in accordance with the Education and Inspections Act, 2006, and DfE guidance (Behaviour and Discipline in Schools, 2012).
<b>Supporting documents to be reviewed in support of this area</b>	1. Anti- Bullying Policy 2. Learning and Teaching Policy 3. Equalities Policy

### Sacred Heart Catholic Primary School Governors' Statement on Behaviour

#### Rationale and purpose

This Statement has been drawn up in accordance with the Education and Inspections Act, 2006, and DfE guidance (Behaviour and Discipline in Schools, 2012).

The purpose of the Statement is to provide guidance for the Headteacher in drawing up the school's 'Behaviour for Learning Policy' so that it reflects the shared aspirations and beliefs of governors, staff and parents for the pupils in the school as well as taking full account of law and guidance on behaviour matters. It is intended to help all school staff to be aware of and understand the extent of their powers in respect of discipline and sanctions and how to use them. Staff should be confident that they have the Governors' support when following this guidance.

This is a statement of principles, not practice: it is the responsibility of the Headteacher to draw up the school's behaviour policy, though he must take account of these principles when formulating this. The Headteacher is also asked to take account of the guidance in DfE publication Behaviour and Discipline in Schools: a guide for Headteacher and school staff (2012).

The Behaviour Policy must be publicised, in writing, to staff, parents/carers and pupils at least once a year.

#### Principles

The Governors strongly believe that high standards of behaviour lie at the heart of a successful school that enables:

- (a) all its pupils to make the best possible progress in all aspects of their school life and work
- (b) all staff to be able to teach and promote good learning without undue interruption or harassment.

Sacred Heart Catholic Primary School is an inclusive school and we believe in creating opportunities for all young people to be successful. The Governors are committed to working with our young people, parents and carers and where appropriate with support from internal and external agencies, to modify behaviours and

improve progress. We support each pupil to achieve their best and access their learning by striving to provide an appropriate curriculum through the delivery of well-planned lessons. Within this we realise that every pupil has a right to a safe environment, and that the unacceptable behaviour of the individual must not threaten the education or well-being of the school community.

All members of the school community should be free from discrimination of any sort (as laid down in the Equality Act, 2010). To this end the school has a clear and comprehensive Anti-bullying Policy that is known and understood by all and consistently applied and monitored for its effectiveness. Measures to protect pupils from bullying and discrimination as a result of gender, race, ability, sexual orientation or background are clearly set out and regularly monitored for their effective implementation. The school's legal duties under the Equality Act, 2010 in respect of safeguarding, pupils with Special Educational Needs and all vulnerable pupils are set out in the school's policies and known to all staff.

Schools have been required to promote British values since 2014 and this is also an important part of how we promote positive attitudes and behaviours. Our British values include: democracy, the rule of law, individual liberty and mutual respect, and tolerance of different faiths and beliefs. The introduction of the PREVENT Strategy from 2015 should support these British values and as appropriate to the age and stage of development of the child should explore themes related to extremism and radicalisation.

The Governors believe that to promote behaviour for learning teachers must plan demanding, interesting and well-paced lessons which engage pupils. We require teachers and all members of our learning community to have high expectations; to empower themselves by following the school systems, being consistent in the use of the 'Learning and Teaching Policy' using praise frequently to reinforce the behaviour that supports learning.

There is an expectation that incidents of positive and negative behaviour, attendance and punctuality, incidents and concerns are recorded to ensure that both positive and negative behaviours are monitored and will prompt consequences; both rewards and sanctions. Trends and patterns of behaviours should be identified and analysed and any areas of concern followed up swiftly.

The Governors expect the Headteacher to include the following in some detail in the Behaviour Policy to be ready for approval at the Full Governors meeting on 1<sup>st</sup> December 2015.

- *Pastoral Care for school staff accused of misconduct:* Governors expect the Headteacher to draw on the advice in Dealing with Allegations of Abuse against Teachers and Other Staff guidance document when setting out the pastoral support that school staff should expect to receive if they are accused of misusing their powers. Staff so accused should not be automatically suspended pending an investigation. The policy should outline disciplinary action that will be taken against pupils who are found to have made malicious accusations against school staff.
- *Screening and searching pupils:* the reasons for searching pupils should be made explicit, together with details of who may search, where such searching should take place, what will happen to any banned items found as a result of such a search and what sanctions will be applied. It should also be made clear that parents do not have to be informed before search.
- *The power to use reasonable force or make other physical contact:* the situations in which reasonable force may be used (including removing disruptive pupils from classrooms, or preventing them from leaving) should be stated. A definition of 'reasonable force' should be included, which should also explain how and when pupils may be restrained. Governors would expect all staff to be trained in the use of reasonable force and restraint.
- *The power to discipline outside the school gates:* disciplining beyond the school gates covers the school's response to all non-criminal bad behaviour and bullying that occurs anywhere off the school premises. The Governors must be satisfied, in all situations arising, that the measures proposed by the head teacher are lawful and that staff and pupils know that sanctions can be applied in these circumstances.
- *Multi Agency Assessment:* the stage in which multi-agency involvement should be considered for pupils who display continuous disruptive behaviour is to be explicit in the policy.

- *The Prevent Strategy and British Values:* Schools have been required to promote British values since 2014 and this should be part of our response to the PREVENT strategy.

Persistent or serious behaviour will lead to fixed term or permanent exclusion from school. The Headteacher will only permanently exclude a pupil when it has demonstrated that there is no alternative outcome. This sanction is the absolute last resort when all other efforts have been explored.
